

Strong Girls. Strong Women. Better World.

November 20, 2008

To Whom It May Concern:

This is a Letter of Recommendation for Pick Up Sticks Marimba of Boulder, CO. Their presentation for the Women's Wilderness Institute 2008 Gear and Cheer Silent and Live Auction was very well received and provided something unique, educational, and highly entertaining. Many of our guests commented on the amazing energy that Pick Up Sticks Marimba brought to the event.

The group was very accommodating, prompt and professional to work with. In addition to playing during our event they offered a unique idea to include a Marimba lesson as an auction item. This created a special experience for our audience and helped us earn additional money to support our programs.

I would recommend Pick Up Sticks Marimba for any event!

Best Regards,

Talissa Koziol
2008 & 2009 Gear and Cheer Committee
